

GERMSTOP™

DISINFECTION SERVICE

30-DAY
ANTIMICROBIAL PROTECTION

WITH

You need to be protected against the germs that can thrive on surfaces in your indoor environment. Alpha & Omega's GERMSTOP Disinfection Service provides a layer of safety to complement your routine cleaning and disinfecting.

GERMSTOP is an established disinfection service for your facility. Our crews of certified trained technicians provide a misted coating to all your high and medium touch surfaces with an EPA registered antimicrobial. This virtually invisible layer will keep killing germs and protect your surfaces for 30 days.
